Personal Profile

I am a tech-enthusiast. Interested and willing to shed a hand, an eye, or an ear on things related to technology. This enthusiasm has led me to engage into a multitude of technology related boot camps and summer training sessions during which I got a real clue on what I was most passionate about and where I could engage and exchange with a variety of people sharing the same interest for technology as I did.

Achivements

- Completed High school studies with an unweighted GPA of 4.
- Won the 2nd prize at the Open Dreams Hackathon to bring up a solution to fight against the problems caused by COVID-19.
- Received a Silver honor after participation in the International Youth Math Challenge 2020.
- Took 3rd place at the Math@Njahmi End Of Year Competition Examination (MEOYCE 2020).
- Had a score of 1360 on the Scholastic Assessment Test (SAT).
- Co-founded and effectively monitored the Computer science club of my former secondary school.
